How to use WooBox Art Mosaic:

- ① Scan the QR code on the box or visit www.woobox.space
- ② Go to the Pixel Art menu **GET INSTRUCTIONS**
- ③ Follow the application steps and get the assembling and mounting instructions to your email.
- ④ Find the assembling base fields in the box (4 pcs for size S, 6 pcs for size M and 9 pcs for size L). Place the fields on a flat surface with the dark side down. Arrange them by numbers like shown below:

- ⑤ Fix the base fields with the help of fixing bars. Please pay attention to the correct arrangement of the fixing bars in the scheme from the step 4. For the size L use the glue from the WooBox kit for extra fixing strength.
- ⑥ Find the screws and hanging loops and screw them to the fixing squares with a screwdriver you will find in the box.
- ⑦ Stick the mounting squares to your picture according to the plans for mounting the picture on your wall.
- ⑧ Find 7 colors bricks in your WooBox kit. Bricks are coming with corresponding numbering and are packed in the separate bags.
- ⑨ Start to fill the fields with the mosaic bricks according to the pattern received by email.
- ⑩ Use the mounting tool when necessary to change the direction of the fixed bricks and also to remove incorrectly fixed bricks from the base fields.
- ⑪ For better appearance use the [oak frame by WooBox](#). Mount the frame straight after fixing the base fields together. Align first all parts of the frame and only after screw the frame parts together.
- ⑫ Hang your picture on the wall and enjoy your masterpiece that reminds about best moment and people in your life!
